

## Dear Max Mustermann,

The run-up to Christmas is well under way and the year is slowly drawing to a close. Our office in Berlin is in festive mood, decorated with Christmas articles from the AMPO training facilities and the markets in Ouagadougou. We are looking forward to the days ahead and we hope to see you too sometime in our shop in Berlin. Although the year is coming to an end, the work at the AMPO facilities is still in full swing, so we have quite a lot to report. Have a look at our Monthly Diary for a summary of what is happening in the various AMPO facilities. And thank you, dear readers, because without your support this work would not be possible.

Enjoy your read!

Your AMPO International Team

---

## Weekend Christmas markets

We started the first weekend in Advent with various Christmas markets in Hamburg, Berlin and Preetz. Volunteer helpers and AMPC staff made a tremendous effort for AMPC and it was a huge success. We sold a lot of our products and collected some very generous donations. We welcomed many visitors to our Berlin premises, giving us the opportunity to have some interesting chats over a glass of mulled wine with Christmas biscuits and Christmas music in the background. Our Christmas tree was greatly admired, with Christmas decorations from our training workshops, something really special. We are enjoying the run-up to Christmas in gratitude to everyone who supported AMPO on that day.

## Support our "One euro medicine" fundraiser

In November we launched a fundraiser with the name "One euro medicine" on our Facebook und Instagram social media channels. Much of the medical treatment available from our AMPO Clinic is covered by as little as one euro. So one euro is often enough for one medical treatment for one child. We want to help as many children as possible and to do that we need your support. If you are not already following us on Facebook or Instagram, now is as good a time as any to do so. Select your favourite channel, click on the relevant button and make a donation. It would also help if you share the link with your friends and family. By sharing the link you are helping us not only to raise more money, but also to publicise the work of AMPO. And we are collecting for our Clinic through der #GivingTuesday on the 29th of November. Thanks for your support!

## 2023 Berolina calendar – another way to help!

Wohnungsbaugenossenschaft Berolina eG, a housing association in Berlin, has been supporting the work of AMPO for many years and selling the products we obtain from Ouagadougou.

This year Berolina put together a calendar with photos of our products as a gift for their members. There is a brief description of the AMPO facilities at the back of the family calendar. The short texts show the link between the products and the principles that AMPO applies, presenting AMPO from a very interesting perspective. We are so grateful to Berolina for supporting AMPO in this very creative way.

---

## Monthly diary

In October 140 women were given aid in the form of microcredits by AMPO P.P.Filles. Many of them are widowed, living in very difficult circumstances. Some of them are displaced persons, forced to flee their villages attacked by terrorists and are thus in great financial need. We offer them food aid by distributing rations of maize. Click on the button below to read our latest monthly diary.
